

COLOUR THE EMOTION

EXHIBITION BY JACKIE SHEEHAN

'Colour the Emotion', is an exhibition of vibrant original acrylic paintings. These paintings are inspired by mono-prints printed by the artist through which she explores creativity stimulated by colour.

"I have always had an addiction to colour. Mono-printing provides great freedom to experiment with colour and these prints have been a great inspiration for my paintings."

Jackie Sheehan originally from Limerick holds a degree in Visual Communications from Limerick School of Art & Design, and successfully completed the Grennan Mill Two Year Craft School Course.

After years of running, a Dublin-based, graphic design company, Crackerjack Design, she left seven years ago for a more inspirational life in the beautiful village of Inistioge.
